## NFL REDZONE

RedZone returns Sunday, September 8!

NFL RedZone whips around every NFL game on Sunday afternoons delivering the TD's and most exciting moments as they happen. When a team goes inside the 20-yard line, NFL RedZone takes fans there. The channel keeps fans up-to-date

in real time, switching from game to game with live look-ins, highlights and a chance to see the key plays. Call now to add NFL RedZone for only \$47.95/month!

## GRAND GIVEAWAY

Congratulations to Kelly and Jamie Nannenga, who won a Brown County Fair Package (2 Grandstand 3-Day Concert Passes & 2 Carnival All Day Ride Passes) in our Grand Giveaway! Jamie is pictured with her kids and CSR Mike Imrie.

Wondering how to register? No problem, because there's no purchase or registration, just winners! Each month we will randomly select one of our "grand" residential customers to win. Maybe our next winner will be you!

## UPDATE SERIES RECORDINGS

TV premiere season is just around the corner! Setting a series recording on your Cloud DVR can help you juggle fall activities with watching your favorite shows.

In July we realigned our Cable TV channel lineup to group similar programming and offer all channels in HD (when available). With some channels moving please check your series recordings before the premiere season starts.

To view your current Series Recording Rules press List or DVR List on your remote (located under the power button) three times. Use this list as a reminder of which shows you would like to record and on which network you can find them. Once you have established which shows you want to record, you should delete your previous Series Recording Rules for a particular show before setting a new one (in many cases, the system will require it).

To set a new Series Recording Rule, highlight the program in

the on-screen guide and press the red Record button on the remote. The recording options will display. You can choose One-Time, Series or Reminder. For more detailed instructions, a Remote Guide is available at <https://nvc.net/residential/cable-tv-resources/>

Programs set to start this fall will show up on the guide a number of days in advance. We will print many premiere dates in our newsletter next month, but you can also visit [www.tvguide.com/tv-premiere-dates/](http://www.tvguide.com/tv-premiere-dates/). The page is regularly updated, so it will include premieres coming up in August.

**To add Cloud DVR call us today and your 1st 3 months are FREE!**

## T-SHIRT FOR A CAUSE

We will be wearing our Back to School t-shirts and collecting school supplies through August to donate to local schools this fall.

We're accepting donations at all our offices, so stop by with any school supplies or money to purchase supplies by August 30!

## REFER A FRIEND

Looking for some easy money? Just refer a friend to NVC and you get a \$100 credit on your next bill!

Your friend will get their first month

free and you get the \$100 credit. Make sure to tell them to give your name.

That's \$100 you have to spend somewhere else. So get out there and tell your friends about NVC!

## GET THE MOST OUT OF NETFLIX

If you're an avid Netflix user, check out these hacks to make your experience even better courtesy of Thrillist. Check out their website for the full article that features additional tricks.

You can hide your viewing history by going to the Netflix activity page in your account. From there you can delete any title. This comes in handy if you don't want your spouse to know you finished *Shameless* without them!

If you didn't know, you can download movies or shows to take with you when traveling on the Netflix mobile app. Now you won't have to worry about if the WiFi on your next flight will be enough. Amazon Prime, Hulu and YouTube also allow you download content, although visit each website for details.

If completing a series makes you a little sad, you may want to click on the "Trailers & More" option. This gives you access to behind-the-scenes features, trailers, and other ancillary materials about some of your favorite shows like *Orange Is the New Black* and *GLOW*.

If Netflix's recommendations aren't enough and you want help finding new content to watch, check out Flicksurfer. The site lists all the content on Netflix and lets you

drill down by genre, and then you can sort by Rotten Tomatoes rating, IMDb rating, Netflix user rating, or a combination of all three.

If you watch foreign-language films or shows, but you don't enjoy the dubbed versions, we've got you covered. Turn on the subtitles by clicking on the audio and subtitles button in the bottom right hand-corner and select the audio in the "original" language and choose subtitles in your preferred language. You can also customize your subtitles for a different font size or color. Just log onto your account under profile and subtitles appearance.

While in your account you can go to settings and adjust the "test participant" toggle to become a lab rat for Netflix. On occasion, you'll get access to new pre-launch features that Netflix is testing.

Just typing "get the most out of Netflix" into an online search will serve up many tips and tricks that just may change your viewing habits.

Email "I love Netflix" to [marketing@nvc.net](mailto:marketing@nvc.net) for your chance to win a \$50 Netflix gift card. The winner will be announced in next month's newsletter. Happy binging!
