NVC SUPPORTS LOCAL SCHOOLS

One of the benefits of doing business with NVC is that we provide support to your local school districts through a variety of sponsorships and donations, and through the payment of gross receipts taxes.

Each year we pay gross receipts taxes on all of the revenue that the company collects. These taxes are then distributed to the school districts in each of the counties where the revenue was generated.

In 2018, NVC paid \$511,434.52 to twelve school districts. When making decisions about your telecommunications purchases, take into consideration whether the company is a local entity such as NVC who provides monetary support each year to the schools in its service

area, or whether it is in fact a national or regional company who does not provide such tax payouts.
