

## National Night Out

We were so excited to provide five kids bikes and helmets to the Aberdeen Police Department for National Night Out. The bikes were given away at the event Tuesday, August, 2 at Melgaard Park.

National Night Out is an annual event that helps build important relationships between first responders and the communities they serve.

Pictured left to right: Sales Representative Brent Hanson, Officer Senger, Detective Majeske, Sergeant Law, and Sales and Marketing Manager Jeff Evenson.

We may or may not have taken those bikes for a ride around the office. Thank you APD for organizing this event for our community!

## Cell Phone for Soldiers

We are a drop-off location for Cell Phones for Soldiers. Cell Phones For Soldiers is a national non-profit organization dedicated to providing cost-free communication services and emergency funding to active-duty military members and veterans. CPFS recycles your old phones (working or not) and uses the income to "help our troops stay connected with home and assist veterans in need."

According to [cellphonesforsoldiers.com](http://cellphonesforsoldiers.com), since 2004, CPFS has provided more than 400 million minutes of free talk time, recycled more than 20 million cell phones, reducing the impact on landfills, and mailed approximately 2,500 calling cards each week.

# Texting Tips

Whether you fancy yourself an expert or are constantly googling ways to be more efficient when it comes to your cell phone and text messaging, the below tips may be a good reminder or new information.

## Schedule a text

Sometimes you don't want to send a message immediately, but it's easy to completely forget to respond. Here's how to schedule a text to send at a later time:

Select your contact.

Tap the + symbol.

Tap schedule message and chose date and time.

Tap Done and the message will look gray and have a clock beside it.

## Mark important messages

Some messages are too important to lose, but you can "star" a message for easy reference.

Tap and hold on to the message you wish to star.

Tap the star button in the pop up menu.

To see your starred messages, return to the Messages home screen.

Tap the three-button menu on the left tap Starred.

## Send your location in a text

If someone needs to know how to find you or where to pick you up, you can text them your location. Here's how to use the feature:

Select your contact.

Tap the + symbol.

Select Precise for this to work properly.

Tap Done once the map appears with your location.

Tap the send button.

A Google image and a link will be sent with the option to get directions.
